Nov 7-16

Dearest Harry lunch.

As it looks like I
just cant find time to write you
in globe + here 2 am rushing this
to keep Brady from waiting.

I sure wish Paul would hurry
& come back. Ding bust! The fellow
sold the car he was going to let
me have to go up to Payson but he
promised me another. I also had
an offer on a dandy little thup
for 450 but such as she when one
is poor. I sure wish I could

to tell you but can't get
started. I came very near
laying myself up yesterday
I was tying a rope on the car
& the blame thing broke & I
landed on a rock it layed me out
for about 10 minutes & can't
hardly navigate this a.m.
but it will all come out in the
wash. you see you can come
down fire & we can find a
house & fix up every thing
fine & dandy. Try it will you
Grady is getting ready to go
we must say bye for now

get it. I might be able to get
the time is going, not so very
long to wait now and say
dear dont you think you had
better send me your history so
as I can get the license. I dont
know anything about such
business but guess I can
make out alright but I would
rather have you. Say couldn't
you come down Fri & then we
could get things fixed up & go back
Monday. Wouldn't that be better
Dear I dont know what to write
I have lots of things I want

with Lot of sweet Kine

as Ever

You poor Dear boy
