Dearest:

This is in a terrible hurry
that letter of yours done me more
good than anything that has
happened to me in a long time
I am coming up for a week
as soon as Paul comes back.
I don't care anything for the
celebration if you want to
see + see Dad. Let wait until
I see you then we can decide
about that letter of your mother.
Grady is just about ready to
go back so excuse all this
