My Dearest,

you can just bet if Paul gets his check this week. Grady will get his as soon you have my curiosity aroused. I don't know how I am going to wait. 'Tis hard enough as it is now, + I am going to count on seeing you next wed a week but I wish it were right now. See dear I don't know when I ever spent a more lonesome Sunday + I just couldn't go out with anyone. I got in town Sat about nine o'clock + slept until about 4 o'clock + loafed around until 7 + went to a picture show + Dearest you don't know how bad I wished you were there + then Sunday I tried to sleep all day but was a tough job I never know a day could be so long but now that I have had to look forward to time will go quicker. I wish Paul would of got his check this trip. What's the idea of Wed. Supposing I should bring it out next trip. Couldn't you make it Fri? Now I just can't imagine whom would not

their whiskies on your face + if I could
catch that guy who made that black mark
on your dish. I'd never forgive him
Dad dear I bet you can't imagine what happened
to me going in Sat. Dunaway gave me some
\$0.00 odd dollars to deposit + while at Roosevelt
misplaced my Bill book + as a consequence
can't find it so I guess I'm out about that
much. you can imagine how I feel about
it. But it might turn up yet I honestly hope
so.

And say think of it I had 3 passengers out
today + two women in the front seat again
be careful if you don't be careful some one
might take your place but I sure don't want
that to happen. I don't feel extra good today
dear but hope you are alright by now
I'm going to push for now + see if I can't think
of something else later on

See but we are going to have a terrible
storm here tonight with lightning + thundering
like the mischief here now. But we have

everything prepared so let it rain.
 Gee dear I wish you would of finished
 telling me what you started to. I like to be
 surprised alright but dont like to be kept
 waiting so long + I just cant be kept waiting
 much longer. No my Bro Paul has said
 nothing + I shall endeavor to give him no
 chance to say anything. I have forgotten
 anything was ever said + shall proceed
 as such + am glad you have too dear lets not
 say or think anything more about it.

How I sure wish I were with you tonight
 I miss you more now than before. If your
 ribs seem to be sore from some cause
 unknown I'll try + be more careful next
 time provided you dont keep me waiting
 too long.

A Madgey - one of those women I brought
 out today was the one I told you about bringing
 out once before. She is as hot as mine. She
 wanted to see the boats etc this evening +
 asked me to go with her. I went + spent the
 better part of an hour down there but you
 can just bet I kept my distance + just could
 help wishing you were here. She said that
 would sure be dandy to go out Sat afternoon
 + camp over night I sure wish I could get up
 there some way but it dont seem to be my

luck, But dear I'm going to hope our
luck will change before long

I'm kind of worried about what Paul is
going to say about my worrying that money
he doesn't know anything about it yet. but he
can't say too much. dear I just can't think
of anything more to tell you on paper, I don't
know how I can wait until you + Luella
come down. Hope your cold is better dear
+ take care + don't get sick so you can't
come down. Goodnight dearest girl. will
try + write a few more lines in the morning

With lots + lots of love + kisses

As ever yours,

Bryan

Nothing much to tell you this A.M. dearest
only that I wish you were with me. I
sure wish Grady had of got his pay this trip
so as I could see you wednesday.

breakfast is ready + as I haven't finished dressing
must go for this time. With love

As ever

Bryan
