Aug 3 1916.

Dear Bryan

Received your letter  
this A. M. as Grady got  
in early to-day shortly  
after eleven.

Didn't you get my  
last letter?

I can't come down  
to morrow so I suppose  
I will see you Sat  
I have a lot to talk  
over with you. I  
wish you were coming  
up this afternoon  
Sat seems such a long  
way off.

I guess Fran and I  
will not be able to  
go horse back riding

Mr Bryan Harrison  
Anglers Inn  
Arizona

for some time because  
last night Prince  
cut himself I guess on  
the barb wire it  
certainly is a nasty  
deep gash about 7 or 8  
in. long across his  
breast. Papa said it  
would take a month  
or so to heal. I think  
it is a shame as H.  
and I were going to  
have so many nice  
rides together.

Hran has not heard  
a word from Harley  
yet he said he would  
drop her a card from  
Globe but has not  
I think he is real mean  
I am awfully worry

your chest is so sore  
you certainly had better  
see a doctor. I hate to  
think of it as being  
very serious. I hope it  
is nothing more than  
a bruise.

I sure am having  
a hard time writing  
this letter. I have  
one of my streaks of  
hating to write, but  
I am doing very well  
for me as I usually  
get about as far as  
how are you. Then  
let the letter lay around  
for a couple of days  
until I feel like writing  
again. If you were  
here I believe I could  
talk a blue streak

but writing is almost  
like pulling a tooth.  
I think maybe we  
might have some  
rain up here as it  
has been quite hot  
and is starting to  
thunder.

Well by by dear for  
this time, be sure and  
come up lat.

With love  
D.

Just a few more lines  
before I take this down  
to Grady.

I have been making  
my self a hat this  
after noon and have  
it almost done I  
made it out of my  
old blue hat it isn't

very good but it will  
do untill I can make  
a better one.

It sure woud be  
fine dear if you  
could come up here  
for a week but its  
sounds to good to  
be true.

Well I must nt write  
any more or I will  
have Fran on my  
ear as she wants me  
to wipe the dishes

Mrs Lothian and Evelyn  
are both taking milk  
from us now so  
we have to take it  
down. I meant to  
tell you before why  
Evelyn was sore at you  
she said you would

not speak to her when  
you was up here you  
remember when you  
came in and gave me  
my sweater she was  
standing there and  
you would not even  
say hello. she says  
she forgives you but  
she makes you think  
she doesn't well by  
by pleasant dreams  
to night and dont  
let the bugs eat you  
up. as ever

to.

Bring me two roles  
of film Sat. if you come  
up. get Brownie No 2.  
Grady will give you the  
money and take his  
role to have finished.  
Evelyn
