Aug. 8, 1916.

My dear Bryan -

I just got home from a nice joy ride, an auto stopped in front of the house and some one called and asked Fran and I if we wanted a little ride of course we said yes and went out it was Bill Stewart and another kid so went for a ride down the star valley road, and I solemnly swear never again with those kids when you are used to careful drivers

Mr Bryan Harrison

Ariz.

it sure is fiere to
come across a cardless
one. believe me this
little one will go a
little bit easy next
time. she will know
who she is going with.

Here I am again
I just got home from
down town and I
just received a nice
sweet letter from
a dear boy I know.
Thank you dear so
much for having
my watch fixed.
I got it all O.K. and
I also thank you for
sending the money
order it is funny
I forgot the stamp

and I also forgot all
about the money order
fee so enclosed you
will find five cents
composed of a two
cent stamp and
three copper pennies
thanking you again
for your kindness on
my behalf.

Yesterday a.m. Fran
and I washed and this
a.m. we ironed and
tomorrow Evelyn, Fran
and myself are going
to see Sam going to
make myself a new
dress. I am glad you
liked my hat. It isn't
very good but I think
it looks better than

it did before with
the blue covering.

I cant imagine what
I said to make you
think I wasnt going
to make my other
hat. I sure am and
I think I will start
on it pretty quick
too.

Grassies got a very
nice letter from Harley
again it sound quite
suspicious.

I certainly am glad
to hear that Lottie
is treating you better
maybe she does like
you better and is
sincere we will hope
so any way.

Poor dear boy I bet you
do feel feeble and
loney down there in
that hot place I
wish you were here
I really think you
should come up here
untill your rib gets
better. but as I said
once before I guess that
would be to good to be
true it dont seem
to be our luck does it
for any thing like that
to happen. I am
awfully disapointed you
wont be up Fri. but
never mind dear
may be some thing
else might happen
you might get a

chance to come up
next week: now I
really think I have
written you another
long letter.

By by for this time
lots of love —

Jo

be sure and write
me another nice
long letter like
you did last night
I am sending you
a cute little story
to read I hope you
enjoy it it will
help you to pass a
half hour or so.
