cant come then either.
cant you find someone else to
drive that ^{damn} old truck for you
a couple of days.

I just got through helping
Alan string some beads
for supper and now she
wants me to make some
beadlets but I wont start
for a few minutes yet.
she wants me to make
them because she says
she hates to.

Now dear Sam going to
ask you to do the favor
I appreciate your faithfulness
in executing previous favors
and also your promptness.

like I will never get to see
you I was as in hopes you
would get up here Jan.

There is no chance of me
coming down to Globe
you know I told you before
I couldnt come by my-
self. Papa would have
too fits. if there were
friends down there I
could stay with it.

would be different but
I dont know a soul down
there. I dont suppose
you will be able to come
up for the Aug driving
either I'll just think it
is a mean shame if you

in sending back receipts.
so I feel that I can trust
you with this immense
sum. (#60) now you can see
great confidence ^{I have} in you don't
now after all that, I will
get down to business

I want to know if you will
please get Fran and I a pair
of shoes. I wouldn't ask
you if there was some
other way to get them
they haven't any to fit
us up here now I will
proceed to give you a description
of what we want.
white canvas slipers ~~not~~
with one strap and
rubber soles. I want if

you cant get the rubber soles
 get the plain ^{white canvas} mary Janes

I want a 6 and Fran a 6½

I hope this will not be too
 strenuous for you considering
 your weak rib. I guess

this is an unusual
 occupation for you but
 I hope you pull through.

Fran is sitting here
 laughing at me over my
 exertion in writing this
 letter she is also giving
 me the dickens for telling
 you that she wanted the
 6½ she said need not have
 gone in to such details
 that maybe you would

about want to be tapping H.
and H. all the time. I do
take warning. I don't want
you may yaki don't want
me to go out riding with
the other fellows. See dear
I don't ask you not to go
with the other girls. I
love to go riding and as long
as ^{than} in along about
see as there in anything
wrong in that. You know
I come out here for a good
time of course I would
have a better time if you
were here but you are not
so I'm not going to stay
home and hold my hands
all there is to do is go

have thought I ⁵ more the 6th
Will you please send them
as soon as possible as we
want them for the big
things.

Now dearie please try
very hard and get some
one else to drive the truck
so you can come up
here at least for a couple
of days. Brady is going
to make a round trip
in one day so he will
be here a little of the time
If you don't come up for
the things I'm afraid
I will have to find a
substitute because Hanley
will be up here and I

down town and there is
no fun in that and a car
ride now and then
breaks the monotony so
I go most every chance I get
Tell me dear how is your
rib- does it hurt you very
much still or is it better
I sure hope it is.

I have my dress almost
all finished I think it
will look quite nice.
we have a machine now
untill our machine
comes Mr Scott let us
have it so we can do
our sewing at home now
and it sure seems good
I think I will make myself

I am going to eat some
coffee cake and milk and
go to bed. I've just been
talking to Frances she wanted
a piece of cake and I wouldn't
give it to her I gave her a
small piece like this O
and she threw it at me
and wasted it.

Just a line this a.m.
It rained awfully hard
for a little while last
night and every thing
looks so pretty and
green this morning
I've got my hair in curls
down my back and
Fran says it looks
awfully nice love you.

another dress I have the
goods.

Papa says Fran can
ride Prince now that
cut sure has healed up
fine there is still quite
a horrid place there
but it is doing fine
no trouble with it at
all.

I believe my vocabulary
is just about empty I
cant think of any thing
else so good night dear
lots of love and kisses
Jo.
