

Payson Ariz

Nov-2-1916

My dearest Boy:-

I guess you are wondering why you didn't get a letter to day I wrote one allright and gave it to Allie to mail but he failed to do so then I was going to give it to Grady but missed him some how. I'm real sorry dear and will try not to let it occure a gain.

We didn't get into Payson untill about four thirty Grady stopped down at the Hart ranch and helped Dave Fuller

Mr Bryan Harrison
Anglers Inn
Arizona

fix his car^{on} we were
there for about an hour
and then it stopped
several times on the road
and finally they got it
fixed so it would go
pretty good.

Gee I must tell you what
Lena said. while we were
waiting for you in Globe
we got to talking of you
and Grady and Lena
said that when Grady
was on that end of the
run they never got half
the things they do
now that you have
that end. It sure
did tickle me when she

said that.

Papa got a beef head and baked it in the ground last night so we had some for lunch to day and it sure was good I wish you were here to have some the meat is so tender and good.

Brady just this minute got in and threw your letter and the shoes off so as I could get them you are right about the shoes they are not mine but I have a half notion to keep them as they are better than mine and just fit me ^{the} ^{the} I think. If I were you

boys and Dimmy raised
the meals to fifty cents
I would bring the stuff
from Globe just for
meaness.

My poor dear boy I am
so sorry you had such
an awful trip in Texas.
I wish I had gone in with
you now. I sure would
have kept you awake
you wont get paid
untill Paul gets back
will you? I sure would
like to see you
batching. That idea
of yours I think is
pretty good.

See dearest I cant
think of any thing

more to write except
that I would like very
much to see you right
now and I am awfully
sorry you didn't get a
letter today. but you
will forgive me this
time wont you dear

I will send this in
by Grady so you will
get it tomorrow.

Do you know dear they
expect us to give a big
blow out up here but
nothing doing if I can
help it

By by for this time
Lots & lots of love & kisses
as ever
