Dearest Boy,

I just got your letter and Evelyn brought me home in the cad all by herself. she does very well now.

Dearie I just dont see how I possibly can come down I have so many things up here to do that it makes me sick to think of it almost.

I think dear that you can get the lisenice down there and have it filled out up here by Judge Randel you know he is the Justice of Peace anyway

Mr Bryan Harrison  
Anglers & my  
Arizona

you can find out and let  
me know in your next  
letter and dear as to  
the house I will be satisfied  
with any thing that  
suits you. I would like  
very much to come down  
dearest boy but I'm afraid  
it is impossible.

I wish you were up here  
to night it sure is pretty  
and we have the stove  
in the front room fixed  
and it sure heats up  
the room. Allie puts a  
nice fire in it in the  
morning and I open my  
door so it is quite warm  
for me when I get up.  
some class, eh?

I went to the dance to-  
night and had a pretty

good time but was awfully  
glad to get home Harley  
was kind enough to see  
that I got home alright

I do hope you get a car  
alright to come up in  
I just knew some thing  
would happen to the  
other one.

I think I will send this  
down by Brady tomorrow

See dear you ought to have  
seen me yesterday a.m.  
I washed clothes and I  
sure looked a sight you  
would believe what I said  
over at mine if you had  
I think I looked even  
worse than some of  
those Mexican women  
over there.

I am going to iron tomorrow  
and see if I cant get a

little sewing done too.  
See they are still dancing  
and making all sorts of  
noise it is almost half  
past twelve I'm glad I'm  
not over there yet I'm  
so sleepy I can hardly  
hold my eyes open.

I am so sorry  
you hurt yourself I hope  
you are all right now

Well I think I will get  
ready to close my sleepy  
eyes in slumber so  
good night darling boy  
pleasant dreams

Lots of love & kisses

as ever
