

Payson Ariz.
Sept. 3, 1916.

Dearest Boy.

I got home yesterday
all right but Gee I
had a horrid trip up
here both Evelyn and
I felt sick all the way.
after I got home I layed
down untill almost
dinner time I feel
quite a bit better
today. How are you
feeling I hope you are
not indulging in a
cold. Gee dear but
I miss you today I
wonder what you are
doing right now
Harley was up this

Mr Bryan Harrison
Angles Inn
Arizona.

this a. m. he just went
home a few minutes
ago he has to go back
to camp this afternoon

Evelyn said she would
go down to Globe with
me either next Wed.

~~or~~ the Wed. after next
I think it depends on

when Gracy gets paid
and then I will —

I am not going to tell
you any more about
it I think I will
surprise you.

Has Paul said any more
you tell him he had
better be careful what
he says or he will
have me to reckon with

tomorrow, I believe I
would like to take
another trip

Say do you know my
ribs feel funny and I
can't imagine why
They feel as though they
might be a little sore
and do you know its
strange but I believe
some one must have
rubbed there horrid
old whiskers on my chin
I believe some one must
have a grudge against
me because I still
have a horrid black
mark on my arm.
Well here I am again
I just got home from

an auto ride with
Robert Holder and Ernest
Peiper we went down
to Holders place, Robert
had a beef head backed
in the ground and
we all had some with
crackers, it sure was
good. Fran was along
of course and Avis.

I don't believe I can think
of any thing else to
write dear I guess I will
have to stop and think
a little while I wanted
to write you a nice
long letter today I
think I have done
pretty good so far
though don't you?

I have forgotten all
about what you told
me the other night.
have n't you?

Et Evelyn and Grady
Francis and I are planning
a nice little trip for
next Sat and Sun.
we are going out some
place and camp over
night wont that be
nice I wish you could
come too cant you
jump in your air ship
and come up. I would
send mine for you
only it is out of order
and it wont be fixed
by that time.

I hope Grady gets paid

They had a dance last night Fran played for it but I went home and went to bed like a good little girl.

I wish you would take me to a picture show to night I feel as though I would like to see one, but, come to think about it I guess I had better go to church with Fran ~~instead~~ instead.

I guess I had better stop for this time

lots and lots of love

and kisses

as ever

Jo.....
