Dearest:-

You poor dear boy
you sure did have
some time of it didnt
you, even if it was
fease I wish I had
been with you. Say
dear I hope you are
taking good care of
that cold of yours I
dont want you to get
sick now dear. I heard
you had a cold before
you told me. Did you
say you got it going
in swimming?

It sure rained up here
too it started about over

Mr Bryan Harrison
Angles I m
Arizona

11-o'clock Fri a.m. and
didn't stop any length
of time untill late
yesterday afternoon
Brady didn't get in
untill 10-o'clock this
morning the Rye was
up so high he couldn't
cross it untill this
morning and then
it came up to the
running board.

See you ought to have
seen me yesterday a.m.
I put on Frans big coat
and a cap and my big
walking boots and went
down in the garden
for some tomatoes it
wasnt raining so hard

when I started but golly
before I got back it poured
down I sure got wet

Those shoes of mine are
elk hide and the water
goes right through them
so I was wet up to my
knees and Grams coat is
quite heavy any way
but gee it was about
three times as heavy
before I got in but
gee I sure did enjoy
it all getting wet
and all.

Thank you dear so
much for getting that
music I hope it
was not a lot of bother
I wish you were here

to hear Fran play
them I think we
will go down town
this after noon and
she will try them
over.

Dee dear I am praying
that nothing happen
that would keep me
from coming down
Wed. I want to come so
bad. It was so nice
and bright this morning
but it is beginning
to cloud up again
this after noon I
hope it dont rain
any more.

Fran is starting the
dishes so I had

better help her I will
write some more
when I'm through.
We are going to have
a chicken dinner
to night you had
better come and have
some ~~too~~ I will give
you the neck if you
do. aint I kind. Oh
can be awfully good
when I want to be.

Mr Dwy was here this
morning and I rode
his horse down after
the mail the stumps
were so long that
I could only reach
them with the
tip end of my

boots but I didn't
care it was a little
quicker than walking
any way.

Dearie I can't think
of any thing more
to tell you right now
so will wait until
I come home from
down town I surely
ought to hear of something
to tell you then.

We just got back from
town and dinner
started and I didn't
see or hear any thing
interesting except
that I got my white
slippers muddy.

Then tried the

prices over and they
sounded real good
specially the Anvil
Chorus.

See dear I wish you
were here I don't see
why you have to be
down in old Globe
any way I think
Grady should have
stayed down there,
don't you?

Did you have a very
bad trip going back
to Globe Sat.

Gran says I must
come and make some
biscuits right now.
she always makes me
make the biscuits.

now I ought to learn
to make them pretty
good by and by

Oh! gee there she goes
again. Well I made
some little bitty cute
biscuits they were
good too and I ate
your neck or I mean
the chickens neck.

the one I was going
to give you if you
had excepted my
kind invitation in
fact I am chewing
on that neck right
now yum: yum but
it is good.

Dear me I guess I
will have to go to

church to night and
I dont want to go I
wish I could take you
along I wouldnt
mind it so much
then. now you know
you would like to go
to church with me
once more you neednt
say you wouldnt.

Well dearest I guess
I have written enough
foolishness for this
time.

lots of love and kisses
as ever your
Jo.

Be sure and take care
of that cold.
