

Payson Ariz  
Sept-22-16.

my dearest Boy-

I just got home from  
down town, of course  
I went down after the  
mail and got you  
nice note.

Yes, I sure was surprised  
the other night, Fran  
said she would do  
the dishes if I would  
take the milk down  
I said alright and  
away I went, and when  
I got down town  
Grady was all dolled  
up he said he felt  
like dressing up for  
a change of course

Mr Bryan Harrison

Anglers I see

Ariz.

I didn't think any  
thing about it so  
Evelyn said she was  
going to doll up too  
and then they  
brought me home in the  
car after we got up  
here of course I asked  
Evelyn and Grady to  
come in. Harley and  
Fran were in the front  
room playing cards  
and Allie was playing  
his violin so I peaced  
through the room with  
the milk buckets to  
put them in the  
kitchen and when I  
got out there the  
room was full of

girls and boys go but  
I sure was surprised  
I didn't dream of any  
one giving me a surprise  
we had a very nice  
evening every body  
seems to have a very  
good time. My happiness  
would have been complete  
if you had been here  
to flirt with Miss Opie  
then I could have gone  
on with a clear  
conscience and carried  
on a flirtation with  
Francis H. he seemed  
inclined that way  
but as it was I was  
a very good little girl  
and thought of you

all the time.

Fran and I went to a dance at Robert Holders last night and I had quite a nice time there was quite a few out there. I

think I will go to the dance to night too but I will tell you all about that tomorrow

Well here I am again I went to the dance last night and had a very good time

I went with Harley and Fran and Robert Holder brought me home c. x D.

over to the house to

I think dear you  
might have told me  
more about that letter  
you received you  
told me just enough  
to make a person  
curious

See dearie I wish you  
were here I kind of  
believe I would like  
to see you. When are  
you coming up to  
Payson I think you  
owe me a visit.

I wish Paul was not  
down at the Inn.

Pay dear are you  
still thinking seriously  
of getting that car  
you spoke of. it sure

would be nice if you  
could manage to get  
it.

Dearie I want to see you  
so bad it seems I  
miss you more than  
ever since I came  
home. I wonder how  
long it will be before  
I see you again.

Well dearest, I will say  
good by for this time  
lots & lots of love kisses

P.S. Dearie will you please
