

Payson Ariz.
Sept. 28-16

My dearest Boy:-

So you haven't got your
job of being manager any
more, well I still have
mine. My gracious
but you are some typist
I like to work one of those
machines. That was a
real nice letter dear
that I received this
afternoon. Grady and
I have some system
now he throws your
letters off at the gate
of course I always see
him coming and then
I go down and get
them and in the

Mr Bryan Harrison

Angler Inn,

Arizona

Grady Harrison

morning I put my letter
on the gate post and put
a rock on it and he gets
it as he goes by. some
class to us is it there

I am going to a surprise
party given in honor
of Cora McDonald this
evening. I will tell you
about it in my next
letter. I wish you
were here to go along.

See dear wont that
be nice for your mother
to be here I sure would
like to see her.

It is a good thing I
didn't come down last
trip I kind of imagined
Paul would be out that

and then Evelyn wouldn't
go down so I thought
I had better stay home
I am glad I did now.

but I did want to see
you so bad.

Well I think I will go get
ready for the party
and finish this in the
morning I was going to
give this to Brady tonight
but have changed my
mind now.

I am sorry dear that my
last letter was so short
but I just couldn't
write I wanted to see
you instead but I will
try and make up for it
this time.

I wrote four letters today
and I have one more to
write then I wont owe
any body a letter, that
is some thing unusual
for me to write so many
letters all at once I must
have had a streak.

I get them once in a
great while.

I got a letter from another
one of my cousins the
other day and she was
wishing me happiness.
I just got home from the
surprize party it is
11-20. We all had a very
nice time Cora was
real surprized. I did
better than she did throw

because I had on a white
waist and skirt and she
had an old kitchen apron
on. Gee I cut the tip
end of my finger this
evening while washing
dishes and it hurts
when I write. I wish
you were here so I did not
need to write I sure would
like to see you to night.
I have written quite a
long letter so I will
say good night if I happen
to think of any thing in
the morning I will put
it down.

Lots & lots of love & kisses
as ever
D.

Nothing more this
morning except that Allie
has gone out to the mill
again and I just got up
and also I am going
to send this down to
Grady by Frances
I wish you would come
up right away and take
a walk up on the hill
Evelyn is coming up this
afternoon and we are
going to sew.

By by dearest

Jo.

Thank you very much for
the medicine
